

# TCS®

## DIGITAL COLOR WHEEL®

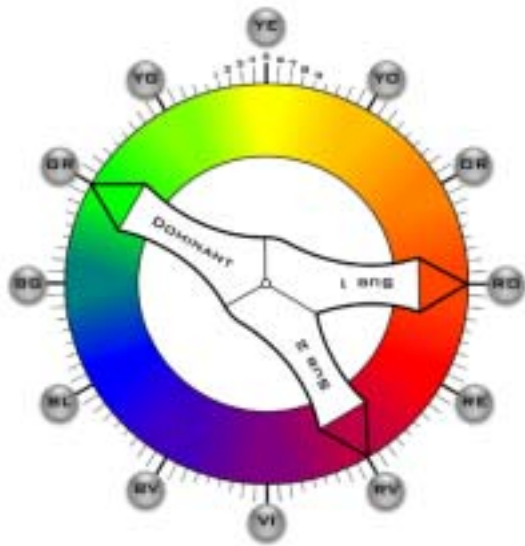

**CREATE COLOR SCHEMES THAT WORK  
HAVE FUN AS YOU LEARN!**

### A Color Development Tool

Version 1 for  
Macintosh® and Windows® Systems

#### COLOR COMBINATIONS

Complementary; Split Complementary, Triad;  
Tetrad (5 choices) & Analogous

#### EASY TO LEARN

- SELF INSTRUCTION “TOUR” of all features included on CD-Rom.
- CREATE or SELECT color schemes from 8,000 colors, each with a TCS® color matching identifier.

#### APPLY COLORS

The best way to “get the feel” of a color scheme is to place the chosen colors in a pattern and view the results. You can:

- VIEW SELECTED HUES then “paint” designs right on your computer screen.
- ADJUST CLARITY AND VALUES to create dimension and highlight the center of interest.
- CHANGE BACKGROUNDS to achieve the best relationship with your design.

#### INSTRUCTIVE

- INCLUDES BEGINNING GUIDE to Decorative Painting. A perfect reference for every painter.
- TEACHING GUIDE & Session Planner for those who want to share their skills with others.
- The Digital Color Wheel® allows the artist to choose a color scheme; adjust hue, clarity, and value of each color; then apply to a design to view with different backgrounds.

1. Color Scheme:

2. Select Hues:  CW\*  CW\*

3. Color Attributes:

	Dominant Color	Sub Color 1	Sub Color 2
Hue:	<input type="text" value="Yellow"/>	<input type="text" value="Red"/>	<input type="text" value="Blue"/>
Clarity:	<input type="text" value="100"/>	<input type="text" value="100"/>	<input type="text" value="100"/>
Value:	<input type="text" value="100"/>	<input type="text" value="100"/>	<input type="text" value="100"/>
TCS #:	<input type="text" value="YH-5-1-5"/>	<input type="text" value="RH-5-1-5"/>	<input type="text" value="BL-5-1-5"/>

Choosing color is one of the most satisfying yet challenging decisions in painting. The TCS® Digital Color Wheel is the tool to help you solve your most difficult color issues. You can put life into your projects by developing and improving your understanding of color.

#### Computer System Requirements

CD-Rom Reader  
Windows® OS: All 95/98 systems. & later  
Macintosh® OS: 8.0 & above
